“The fire was so intense and involved, we needed help with the insurance company, we needed a Public Adjuster. We are truly thankful for Jeff Sabel being there for us from the time of fire right up to our Grand Reopening. His tremendous hard work has contributed to the launching of Prime Cut Modern Steakhouse and MEZZO Ultra Lounge. Jeff and Sabel Adjusters really helped put all the pieces together that we never thought were possible in allowing us to get the maximum claim.”
